## TEXAS TOWN IS VIRTUALLY WIPED OFF MAP

### ROCKSPRINGS, HIT BY TORNADO, IS A SHAMBLES

DEAD ESTIMATED TO RUN FROM  
75 TO 100; 60 BODIES  
RECOVERED

TWISTER CUTS A SWATH TWO  
MILES WIDE, LEVELING  
EVERYTHING

Rocksprings, Texas, April 13. — Leaving a shambles in its wake, flattening the flimsy frame houses and spreading death with a free hand, a tornado struck this little town last night, injuring scores and leveling all but three of the houses in the village.

A scene of utter chaos greeted relief workers as dawn broke this morning. Debris piled high in the streets hampered recovery of the dead, variously estimated at from 75 to 100.

Preceded by a driving rain and hail storm, the wind struck here at about 8:30 last night as the villagers were preparing for bed. There was no chance for escape. The little frame buildings were torn from their foundations and today were piled up one on top of the other in heaps all over the area.

Sixty bodies had been recovered from the mass today, but it was certain others were buried. The bodies were taken to the courthouse—left standing but all wrecked—to await identification and burial.

What few of the inhabitants of the town escaped injury were working feverishly as the gray light of day stole over the scene. They had been working throughout the night in an effort to recover bodies and to provide for the injured.

Small children were found buried under timbers, their bodies pitifully crushed and battered. Weeping of bereaved relatives of the dead added to the horror of the scene. Cries of children left orphaned by the storm rang out through the night. One child, barely able to walk, was found weeping bitterly over the bodies of her mother and father and two other members of her family.

Scenes of the sort were to be found all over the area. Stunned by the loss of her husband and baby boy, one mother sat dry-eyed over their bodies refusing workers permission to remove the bodies to the courthouse.

A sheep herder's dog—the town was populated by Mexicans whose chief industry was sheep herding—snarled viciously as workers strove to reach the body of his master, buried beneath a pile of timbers. The dog stood guard throughout the night and this morning continued to defy all who came near.

Red Cross members, militia, doctors and nurses and scores of citizens flocked towards Rocksprings today, but were held from the scene by swirling waters of the Guadalupe which prevented crossing. Scores of automobiles were gathered around the river waiting some way by which they could bring water, food and medical supplies into the city.

Railroads have rushed trains to nearest points—many miles away—but Rocksprings will have to get along with only the facilities on hand until some means of crossing the Guadalupe is found. Airplanes will be sent from San Antonio and other places in the hope of reaching the village.

Every particle of medical supplies in the town was gathered at the courthouse. There wasn't much and what there was being used with the utmost economy. As soon as the injured received attention, those who were able to hobble around hurriedly left the courthouse to assist in recovering bodies.

Burying their grief under the stern necessity of the moment, the workers continued their efforts through the early hours of the morning. Nearly all had been touched by the tragedy, members of their families being killed or seriously injured. For the moment this was submerged by the needs of others.

The first unit of relief workers reached here around 10 o'clock when soldiers arrived from Fort Clark with medical supplies.

At that time, workers reported 68 bodies recovered from the debris. Fire broke out in parts of the wreckage but was kept under control.

### ROGERS-SALM DIVORCE SUIT IN PARIS COURT

Paris, April 13. — (UP) — Court officials today emphatically denied reports published in the United States that a decision had been made in the suit of Millicent Rogers Salm for divorce from Count Salm von Hoogstraeten, Austrian nobleman, or in the suit of the count for separation from his wife.

The suits, the United Press was informed, were before the Seine tribunal, but judgment was still pending.

Millicent Rogers, daughter of Col. H. H. Rogers and heiress to a vast Standard Oil fortune, married Count Salm three years ago at the municipal building in New York. Her parents opposed the match. There is one child, Peter Salm.

### 4 YEAR BOY SHOOTS AND KILLS MOTHER

BECAUSE SHE WOULD NOT LET  
HIM PLAY WITH  
MATCHES

THEN GRABS BUTCHER KNIFE  
AND RUSHES AFTER  
CORONER

Chambersburg, Pa., April 13. — (UP) — Less than 24 hours after he had shot and killed his mother because she would not let him play with matches, 4-year-old Tommy Ruby today attempted to slay Coroner Shull, of Franklin county, while he was being questioned.

"Sure I wanted to shoot her," the lad shouted at the coroner. "I'd shoot her again. I'll shoot you."

Before he could be stopped the lad grasped a butcher knife and rushed at the official. The blade was wrenched from his hand before he could inflict injuries on the coroner.

Tommy shot his mother through the neck with a .32 calibre revolver late yesterday. The mother died instantly, collapsing in a heap almost on top of a basket in which Tommy's baby brother played.

After shooting her Tommy calmly walked to a neighbor's home and said, "Mamma's bleeding." Before he could be detained, he ran to a school where he told his sister of the shooting.

Tommy showed a bitter viciousness such as local authorities say is usually found only in the most hardened criminals.

Mrs. Ruby was working in her garden when the lad, after mounting a chair, removed the revolver from the top shelf of a closet and started shooting.

### TORNADO IN EAST OKLAHOMA

Oklahoma City, Okla., April 13. — Five lives were lost and a score of persons injured in a tornado which swept eastern Oklahoma and western Arkansas last night. Continued reports of flood over Oklahoma reached here today as high waters swept the state and rain was reported from various sections.

The tornado ripped through a half dozen little villages in the two states, laying waste to a large tract. Two were killed in Fort Smith. Extensive damage was caused there, reports said.

Three others, two in Haskell and one in Le Flore counties, were killed when the wind destroyed homes. Albert Dozier was killed near Milton, Okla., and A. D. Drieger and John Ross were killed near Stigler, Okla. (Continued on page 8)

COURTS

ARGUMENTS ON SINCLAIR MAM-  
MOTH OIL CO. APPEAL  
AT NOON

By HERBERT LITTLE  
(United Press Staff Correspondent)  
Washington, April 13.—The famous Teapot Dome naval oil lease, judged illegal by the senate and two federal courts, went today before the U. S. supreme court.

Arguments on Harry F. Sinclair's Mammoth Oil Company appeal were to start at noon when court convened. The entire four-hour day was set aside for this case, as compared with two hours usually given supreme court cases.

John W. Lacey, venerable mining lawyer, was to open the argument with an hour's speech. He was to be followed by Owen J. Roberts, ace of the government's special oil lawyers, whose brilliant presentation in the same court in the Elk Hills lease case was given much credit toward the sweeping government victory there. Attorneys for two subsidiary Sinclair companies will have a few minutes for their separate argument, and Martin W. Littleton will close the appellants' argument.

Former Senator Atlee Pomerene, Ohio, will close for the government.

### CAPT. N. C. MANYON AWARDED LIFE SAVING MEDAL

Washington, April 13.—(UP)—The treasury department life-saving medal was awarded today to Capt. N. C. Manyon, commander of the lighthouse service vessel Columbine, for heroism and skillful seamanship in rescuing the crew of a coast guard patrol boat last November near San Juan, Porto Rico.

Secretary of Commerce Hoover presented the medal to Manyon, who has been commended for bravery on six other occasions.

### FUNERAL CHECKED, MOURNERS VIOLATED TRAFFIC LAWS

New Haven, Conn., April 13.—(UP)—Mourners following the corpse to a cemetery here were forced to walk when police ordered drivers of funeral automobiles to leave their cars because they did not display public service operators licenses.

As a rule, traffic operators allow men to drive in funeral processions with only operators licenses, but the law holds they must possess public service licenses.

### 'VOTE-FOR-FLAPPERS' MOVEMENT TRIUMPHS

London, April 13.—(UP)—The "vote-for-flappers" movement triumphed today.

Replying to a question in the house of commons, Premier Baldwin said that the government would introduce a bill after Easter giving women equal franchise with men at the age of 21. Heretofore women have not been permitted to vote until 30 years old.

### JUDGES AND COURT ATTACHES SEEK SALARY RAISE

St. Paul, April 13.—(UP)—Minnesota judges and court attaches now look to Gov. Christianson for salary increases.

Officials of the state supreme court, district and municipal courts would be affected by bills granting increases passed by the house Tuesday. The senate had already voted favorably.

### TWO MEN KILLED IN OUTBREAK OF GANG WARFARE

Philadelphia, April 13.—(UP)—Two men were killed in an outbreak of gang warfare here today.

Edward Callahan, a dope addict, was shot and killed from the running board of one gangster automobile as it attempted to escape from a concentrated fire from a pursuing car loaded with gunmen in the central part of the city.

A few minutes later nurses at the Lankenau hospital reported to police that an unidentified man with his head crushed in was found dead, propped against the door of the hospital.

### HUSBAND IS QUESTIONED IN THE CASE

19-YEAR-OLD BRIDE ACCUSES  
GORDON COOPER, HER  
HUSBAND

OF HELPING HER POISON FIVE-  
WEEKS-OLD BABY, UNWEL-  
COME IN HOME

Wabasha, Minn., April 13.—(UP)—Gordon Cooper, whose 19-year-old bride of four months has accused him of helping her poison the five-weeks-old baby that was unwelcome in their home because he was not its father, was questioned by authorities today.

The young husband, too poor to pay for a marriage license last December when he and his sweetheart, were married in Lake City, was drawn into the tragedy by the fifth of a series of confessions made by Mrs. Cooper, each of which is believed to have approached closer to the truth.

Meanwhile, County Attorney Lawrence R. Lundie was prepared to call an immediate special session of the grand jury to consider what he regards as an almost complete case. The call for the grand jury may be issued today. It will meet within a few days.

The same signed statement that implicated her husband convinced Lundie that Mrs. Cooper's father-in-law, George Cooper, 72, was guilty, and he was to be released today.

An orphan, whose childhood memories were only shadows, Mrs. Cooper found her first happiness in the marriage to young Cooper, she has declared. But after the baby was born, her joy was threatened, and rather than lose her husband, she said she resolved to be rid of the infant. Young Cooper, she said, encouraged and assisted her.

Together, she declared, they prepared a poison mixture and together tried to feed it to the baby. But the mite turned its head away and would not swallow from the bottle in which the poison was offered.

So Gordon, according to his girl wife, suggested that they force the poison down the baby's throat with a spoon.

This was done and the child died. The first strange stories of a kidnapping by masked men were told in order to shield all members of the family, Mrs. Cooper related.

The authorities did not believe that it was necessary to strike closer to the truth. Young Cooper pointed out that his father was 72 years old, had not long to live anyway, and might as well be sacrificed to their interests, she asserted.

This was the purpose of the story in which the elder Cooper was alleged to have taken the baby away and the one in which he was pictured as strangling the child with his bare hands.

The fabric of untruth collapsed with the discovery of the infant's body in a vacant house and finding of traces of poison.

Even in admitting that she poisoned the babe, Mrs. Cooper attempted to shield her husband.

### 40 RIFLE SHOTS FIRED ON TRESTLE

AT MOON RUN MINE NEAR CRAFTON, ALLEGHENY COUNTY, PENN.

VICE PRESIDENT LESHER SAID  
POLICE DID NOT LOCATE  
RIFLEMEN

Pittsburgh, April 13.—(UP)—The first instance of sniping from ambush in the present soft coal suspension was reported today.

C. E. Lesher, vice president of the Pittsburgh Coal Company, a non-union concern, said 40 rifle shots were fired on a trestle of its Moon Run mine near Crafton, Allegheny county, early today. The trestle is about three miles from the tippie and village of Moon Run. Lesher said that the company's police were unable to locate the riflemen.

In preparation for the resumption of operations on the non-union basis, the Pittsburgh Terminal Coal Company has served preliminary eviction notices on the families of 15 miners formerly employed by the company, according to P. T. Fagan, president of the United Mine Workers in this district.

Indianapolis, Ind., April 13. — A temporary agreement to permit all operations in Indiana strip mines, except actual loading, was in effect today. Negotiations for a final agreement were continued at Terre Haute by a committee of six men representing operators and the miners' union and it was expected all differences soon would be settled.

It was understood the agreement would call for retention of the wage scale that expired April 1st.

United Mine Workers officials in the Pittsburgh district yesterday announced agreements with a number of independent companies which will resume operations.

### COL. DE PINEDO AWAITS ARRIVAL OF NEW PLANE

San Francisco, April 13.—(UP)—Commander Francesco de Pinedo, Italian world flyer, will leave here by train Friday evening for New York to await the arrival of a new plane with which to resume his four continent jaunt.

The flyer arrived here yesterday from Los Angeles and was guest of honor at a series of celebrations.

In the evening he attended a banquet in the Italian quarter of the city and was acclaimed by hundreds of his countrymen.

### WILL NOT MAKE COMPLAINT AGAINST FAIR COUNTESS

Paris, April 13.—(UP)—The commissioner of police today questioned Raymond de Trafford, who was shot a fortnight ago by the Countess de Janze, nee Alice Silverthorne, but de Trafford said he would not make a complaint against the countess.

The case probably will be settled in a manner such that the countess will not have to serve time in jail.

De Trafford said he would not make any statement.

The countess is an American and formerly lived at Buffalo and Chicago.

### MOUNT LASSEN CEASES VIOLENT ERUPTION TODAY

Redding, Calif., April 13.—(UP)—After a new period of activity, Mount Lassen, America's restless volcano, had lapsed back into its usual state of quietude today.

The crater belched black smoke and steam for several hours yesterday. Clear weather made the eruption plainly visible from Redding and other communities of the vicinity.

### BOOZE BOAT TAKEN AFTER GUN BATTLE

Hoboken, N. J., April 13.—(UP)—Following a gun battle today, the Norwegian freighter Fort Gaines with 4,000 cases of liquor aboard and four members of the crew were captured by police.

Upon receipt of a mysterious telephone call, two police launches were sent here to investigate. The Fort Gaines was located and police planned to wait until the boat should come within the New York jurisdiction but a revolver shot from the steamer brought the police into immediate action.

Under cover of revolver shots, a number of the crew ran down the gang plank. Two were captured by local police and New York officers caught two others.

### GENERAL STRIKE ADDS TROUBLE TO SHANGHAI

NATIVE MOBS EXCITED BY RUP-  
TURE WITH NATIONALIST  
GOVERNMENT

MAKE ATTEMPTS TO STORM BAR-  
RIERS OF FOREIGN SETTLE-  
MENT

By H. FRANCIS MISSELTWITZ  
(United Press Staff Correspondent)  
Shanghai, April 13. — A general strike was on in Shanghai today and native mobs, excited by the rupture within the nationalist government, made repeated half-hearted attempts to storm the barriers of the foreign settlement. Shots fired over the heads of the natives by settlement defenders repulsed the attack.

Spurred by nationalist dissension, northern troops were reported to be making new advances along the Yangtze river. The nationalist flag on the customs house at Chinkiang was furled, and it was reported the southern army was evacuating that city. An unconfirmed British naval report said the northerners had captured Pukow, across the river from Nanking. Pukow was known to have been bombed by northern airplanes for the second successive day.

Sixty thousand workers were reported to have joined the Shanghai strike, which, however, was not expected to be as serious as that which followed capture of the city by the Chinese several weeks ago. Nevertheless, industries, particularly the cotton mills, suffered heavily.

Postal employees stayed at work, as did tram, bus and telephone and telegraph workers.

The moderate workers of the Kuomintang were being hailed as "new imperialists" by labor leaders after raids by troops of Chiang Kai-Shek, southern commander, on radical labor centers yesterday.

"Down with Chiang Kai-Shek—return arms to laborers—down with the new imperialists," said handbills circulated by the workers.

Kuomintang leaders were to meet at Nanking Friday, and it was believed the internal crisis might come to a head then.

Meanwhile nationalist troops apparently were disheartened by the dissension, and the retreat before the northern army of General Sun Chuan-fang seemed to be growing more serious.

At Wuhu, however, a large movement of nationalist troops to the north bank of the Yangtze was reported.

The British warship Woodcock was fired on by land batteries between Hankow and Chinkiang, and returned the fire with machine guns and six pounders.

A Cantonese cruiser, transport and torpedo boat shelled the northern bank of the river near Chinkiang yesterday, it was learned.

Despite reports of evacuation by the southerners, the railroad had not been cut there and it was assumed the northerners had not taken possession of the city.

General Chiang requested resumption of passenger service to Nanking.

Washington, April 13.—(UP)—Brigadier General Benjamin Alvord, U. S. A., retired, died at his home here today. Alvord had been in poor health since serving in France as the first adjutant general of the American expeditionary forces.

He was born in Vancouver, Wash., in 1860.

### AGREEMENT IS REACHED BY SENATE, HOUSE

UNDER THE COMPROMISE, BU-  
REAU WILL BE UNDER AT-  
TORNEY GENERAL

WILL NOT BE SEPARATE STATE  
DEPARTMENT, AS RECOM-  
MENDED BY COMMISSION

St. Paul, April 13.—(UP) — An agreement was reached today by the Minnesota senate and house legislative conference committee on the bill which would create a state bureau of law enforcement.

Under the compromise the bureau would be under the attorney general instead of a separate state department, as was recommended by the Minnesota crime commission and approved by the house.

Rep. R. J. Quinlivan, St. Cloud, chairman of the house crime prevention committee, said, however, that the change would make little material difference in the powers of the bureau, although he preferred a separate department.

Twelve persons would comprise the department, including the superintendent, who would be appointed by the governor. The superintendent, in turn, would name the subordinate workers who would be used at the discretion of the superintendent in the detection and apprehension of criminals and the investigation of crime.

The state pardon and parole boards would be enjoined, under the bill, to report the release of any prisoners, and the reasons for the release, to the bureau.

Committees of both will report back action of the joint committee to their separate houses late today when, it is expected, votes will be taken on the law enforcement bureau bill.

A bill which would gain the St. Paul, April 13.—A bill which would gain the approval of both houses of the Minnesota legislature on the crime commission's proposed central law enforcement bureau is the hope of a joint committee of the senate and house of representatives. The committee was created late Tuesday for the purpose of attempting a compromise on a bill creating that department. The senate's bill and that passed by the house are far different in scope.

Members of the committee are Senators C. Rosenmeier, Little Falls; Sherman W. Child, Minneapolis; and William B. Richardson, Rochester, and Representatives R. J. Quinlivan, St. Cloud; Henry Spindler, Buffalo, and Sumner T. McKnight, Minneapolis.

St. Paul, Minn., April 13.—A bill carrying appropriations of \$15,000 for soldiers' bonus claims was passed by the state senate today. The house had already passed the bill, therefore it now goes to the governor, who two years ago vetoed a similar measure.

A. J. Rockne, chairman of the senate finance committee explained that many of the claims would go to parents of dead soldiers.

Differences of the senate and house on the school aid bill and mother's pension appropriations were not yet adjusted today.

Senators and representatives, however, reached a tentative agreement on the school aid bill and as a result a measure was introduced in the upper house which would provide that a distribution of 90 per cent of the school aid would constitute full payment.

A second part of the plan prompted the introduction of a bill in the senate which would eliminate the state's one-third share of pensions paid to mothers by the counties.

Members of the conference group indicated that a further conference will be necessary on the 1923-1924 supplemental school aid deficiency appropriations.

### SENATOR KENDRICK IS OPERATED ON; CONDITION FAVORABLE

Washington, April 13.—(UP)—The condition of Senator Kendrick, democrat, Wyoming, recently operated on here, was reported today as satisfactory. The operation, hitherto kept secret, was said to have been only minor.

The same signed statement that implicated her husband convinced Lunde that Mrs. Cooper's father-in-law, George Cooper, 72, was guiltless, and he was to be released today.

An orphan, whose childhood memories were only shadows, Mrs. Cooper found her first happiness in the marriage to young Cooper, she has declared. But after the baby was born, her joy was threatened, and rather than lose her husband, she said she resolved to be rid of the infant. Young Cooper, she said, encouraged and assisted her.

Together, she declared, they prepared a poison mixture and together tried to feed it to the baby. But the mite turned its head away and would not swallow from the bottle in which the poison was offered.

So Gordon, according to his girl wife, suggested that they force the poison down the baby's throat with a spoon.

This was done and the child died. The first strange stories of a kidnapping by masked men were told in order to shield all members of the family, Mrs. Cooper related.

The authorities did not believe that it was necessary to strike closer to the truth. Young Cooper pointed out that his father was 72 years old, had not long to live anyway, and might as well be sacrificed to their interests, she asserted.

This was the purpose of the story in which the elder Cooper was alleged to have taken the baby away and the one in which he was pictured as strangling the child with his bare hands.

The fabric of untruth collapsed with the discovery of the infant's body in a vacant house and finding of traces of poison.

Even in admitting that she poisoned the babe, Mrs. Cooper attempted to shield her husband.

### 40 RIFLE SHOTS FIRED ON TRESTLE

AT MOON RUN MINE NEAR CRAFT-  
TON, ALLEGHENY COUNTY,  
PENN.

VICE PRESIDENT LESHNER SAID  
POLICE DID NOT LOCATE  
RIFLEMEN

Pittsburgh, April 13.—(UP)—The first instance of sniping from ambush in the present soft coal suspension was reported today.

C. E. Leshner, vice president of the Pittsburgh Coal Company, a non-union concern, said 40 rifle shots were fired on a trestle of its Moon Run mine near Crafton, Allegheny county, early today. The trestle is about three miles from the tiple and village of Moon Run. Leshner said that the company's police were unable to locate the riflemen.

In preparation for the resumption of operations on the non-union basis, the Pittsburgh Terminal Coal Company has served preliminary eviction notices on the families of 15 miners formerly employed by the company, according to P. T. Fagan, president of the United Mine Workers in this district.

Indianapolis, Ind., April 13. — A temporary agreement to permit all operations in Indiana strip mines, except actual loading, was in effect today. Negotiations for a final agreement were continued at Terre Haute by a committee of six men representing operators and the miners' union and it was expected all differences soon would be settled.

It was understood the agreement would call for retention of the wage scale that expired April 1st.

United Mine Workers officials in the Pittsburgh district yesterday announced agreements with a number of independent companies which will resume operations.

### COL. DE PINEDO AWAITS ARRIVAL OF NEW PLANE

San Francisco, April 13.—(UP)—Commander Francesco de Pinedo, Italian world flyer, will leave here by train Friday evening for New York to await the arrival of a new plane with which to resume his four continent jaunt.

The flyer arrived here yesterday from Los Angeles and was guest of honor at a series of celebrations.

In the evening he attended a banquet in the Italian quarter of the city and was acclaimed by hundreds of his countrymen.

### WILL NOT MAKE COMPLAINT AGAINST FAIR COUNTESS

Paris, April 13.—(UP)—The commissioner of police today questioned Raymond de Trafford, who was shot a fortnight ago by the Countess de Janze, nee Alice Silverthorne, but de Trafford said he would not make a complaint against the countess.

The case probably will be settled in a manner such that the countess will not have to serve time in jail.

De Trafford said he would not make any statement.

The countess is an American and formerly lived at Buffalo and Chicago.

### MOUNT LASSEN CEASES VIOLENT ERUPTION TODAY

Redding, Calif., April 13.—(UP)—After a new period of activity, Mount Lassen, America's restless volcano, had lapsed back into its usual state of quietude today.

The crater belched black smoke and steam for several hours yesterday. Clear weather made the eruption plainly visible from Redding and other communities of the vicinity.

### BOOZE BOAT TAKEN AFTER GUN BATTLE

Hoboken, N. J., April 13.—(UP)—Following a gun battle today, the Norwegian freighter Fort Gaines with 4,000 cases of liquor aboard and four members of the crew were captured by police.

Upon receipt of a mysterious telephone call, two police launches were sent here to investigate. The Fort Gaines was located and police planned to wait until the boat should come within the New York jurisdiction but a revolver shot from the steamer brought the police into immediate action.

Under cover of revolver shots, a number of the crew ran down the gang plank. Two were captured by local police and New York officers caught two others.

### GENERAL STRIKE ADDS TROUBLE TO SHANGHAI

NATIVE MOBS EXCITED BY RUP-  
TURE WITH NATIONALIST  
GOVERNMENT

MAKE ATTEMPTS TO STORM BAR-  
RIERS OF FOREIGN SETTLE-  
MENT

By H. FRANCIS MISSELWITZ  
(United Press Staff Correspondent)  
Shanghai, April 13. — A general strike was on in Shanghai today and native mobs, excited by the rupture within the nationalist government, made repeated half-hearted attempts to storm the barriers of the foreign settlement. Shots fired over the heads of the natives by settlement defenders repulsed the attack.

Spurred by nationalist dissension, northern troops were reported to be making new advances along the Yangtze river. The nationalist flag on the customs house at Chinkiang was furled, and it was reported the southern army was evacuating that city. An unconfirmed British naval report said the northerners had captured Pukow, across the river from Nanking.

Pukow was known to have been bombed by northern airplanes for the second successive day.

Sixty thousand workers were reported to have joined the Shanghai strike, which, however, was not expected to be as serious as that which followed capture of the city by the Cantonese several weeks ago. Nevertheless, industries, particularly the cotton mills, suffered heavily.

Postal employees stayed at work, as did tram, bus and telephone and telegraph workers.

The moderate workers of the Kuomintang were being hailed as "new imperialists" by labor leaders after raids by troops of Chiang Kai-Shek, southern commander, on radical labor centers yesterday.

"Down with Chiang Kai-Shek — return arms to laborers — down with the new imperialists," said handbills circulated by the workers.

Kuomintang leaders were to meet at Nanking Friday, and it was believed the internal crisis might come to a head then.

Meanwhile nationalist troops apparently were disheartened by the dissension, and the retreat before the northern army of General Sun Chuan-fang seemed to be growing more serious.

At Wuhu, however, a large movement of nationalist troops to the north bank of the Yangtze was reported.

The British warship Woodcock was fired on by land batteries between Hankow and Chinkiang, and returned the fire with machine guns and six pounders.

A Cantonese cruiser, transport and torpedo boat shelled the northern bank of the river near Chinkiang yesterday, it was learned.

Despite reports of evacuation by the southerners, the railroad had not been cut there and it was assumed the northerners had not taken possession of the city.

General Chiang requested resumption of passenger service to Nanking.

Washington, April 13.—(UP)—Brigadier General Benjamin Alvord, U. S. A., retired, died at his home here today. Alvord had been in poor health since serving in France as the first adjutant general of the American expeditionary forces.

He was born in Vancouver, Wash., in 1860.

### AGREEMENT IS REACHED BY SENATE, HOUSE

UNDER THE COMPROMISE, BU-  
REAU WILL BE UNDER AT-  
TORNEY GENERAL

WILL NOT BE SEPARATE STATE  
DEPARTMENT, AS RECOM-  
MENDED BY COMMISSION

St. Paul, April 13.—(UP) — An agreement was reached today by the Minnesota senate and house legislative conference committee on the bill which would make a state bureau of law enforcement.

Under the compromise the bureau would be under the attorney general instead of a separate state department, as was recommended by the Minnesota crime commission and approved by the house.

Rep. R. J. Quinlivan, St. Cloud, chairman of the house crime prevention committee, said, however, that the change would make little material difference in the powers of the bureau, although he preferred a separate department.

Twelve persons would comprise the department, including the superintendent, who would be appointed by the governor. The superintendent, in turn, would name the subordinate workers who would be used at the discretion of the superintendent in the detection and apprehension of criminals and the investigation of crime.

The state pardon and parole boards would be enjoined, under the bill, to report the release of any prisoners, and the reasons for the release, to the bureau.

Committees of both will report back action of the joint committee to their separate houses late today when, it is expected, votes will be taken on the law enforcement bureau bill.

A bill which would gain the

St. Paul, April 13.—A bill which would gain the approval of both houses of the Minnesota legislature on the crime commission's proposed central law enforcement bureau is the hope of a joint committee of the senate and house of representatives.

The committee was created late Tuesday for the purpose of attempting a compromise on a bill creating that department. The senate's bill and that passed by the house are far different in scope.

Members of the committee are Senators C. Rosenmeier, Little Falls; Sherman W. Child, Minneapolis; and William B. Richardson, Rochester, and Representatives R. J. Quinlivan, St. Cloud; Henry Spindler, Buffalo, and Sumner T. McKnight, Minneapolis.

St. Paul, Minn., April 13.—A bill carrying appropriations of \$15,000 for soldiers' bonus claims was passed by the state senate today. The house had already passed the bill, therefore it now goes to the governor, who two years ago vetoed a similar measure.

A. J. Rockne, chairman of the senate finance committee explained that many of the claims would go to parents of dead soldiers.

Differences of the senate and house on the school aid bill and mother's pension appropriations were not yet adjusted today.

Senators and representatives, however, reached a tentative agreement on the school aid bill and as a result a measure was introduced in the upper house which would provide that a distribution of 90 per cent of the school aid would constitute full payment.

A second part of the plan prompted the introduction of a bill in the senate which would eliminate the state's one-third share of pensions paid to mothers by the counties.

Members of the conference group indicated that a further conference will be necessary on the 1923-1924 supplemental school aid deficiency appropriations.

### SENATOR KENDRICK IS OPERATED ON; CONDITION FAVORABLE

Washington, April 13.—(UP)—The condition of Senator Kendrick, democrat, Wyoming, recently operated on here, was reported today as satisfactory. The operation, hitherto kept secret, was said to have been only minor.

## SUBSCRIPTIONS FOR BRAINIONIAN

Now Being Taken for This Brainerd  
High School Year  
Book

RAYMOND ANDERSON EDITOR

Promises One of Best Books. Equal-  
ling Any of Past  
Six Years

Subscriptions are now being taken for the Brainerd high school year book, the Brainionian annual, which has been published by the Brainionian staff for the last six years. Raymond Anderson is editor of this year's publication which promises to be the best one edited thus far.

The book is entirely a product of Brainerd and should, according to the staff, be supported by Brainerd. An intensive campaign is being put on by a committee to canvass all students and graduates who claim B. H. S. as their alma mater.

The book has the financial backing of the business men, for without their backing it would be impossible for the scholars to make a success of the venture.

A good high school year book advertises and adds to the reputation of a town as much as a good athletic team and the staff realizing this fact expects to sell every one of their ordered copies.

The edition will be finished sometime in May and will be ready for distribution. Annuals may be ordered at the high school or from any member of the Brainionian staff, the names of which are published every Tuesday in the Brainionian.

### NEW REPAIR MACHINE

Celoflex, for Shoe Repairs, Has Been  
Installed by Graham Shoe  
Repair Shop

A novel machine, known as the Celoflex, has been installed by the Graham shoe repairing shop. It is particularly adapted to the repair of ladies' shoes because of the fact that very little tacking and no stitching is required in replacing soles.

After the old sole of the shoe to

be repaired has been cleaned and freed from dirt and grease, it is roughened and a coat of special quick-drying cement is applied both to the shoe and to the new half-sole. A last is then placed in the shoe and the new sole is tacked at toe and shank, after which it is placed in the Celoflex machine, which consists of rubber molds, one for each shoe, shaped to fit the sole of the shoe. Pressure is applied by a turn-screw located above each mold. The sole is then finished and blackened in the regular manner.

The Celoflex, which is manufactured by the Flexement Corporation of Muskegon, Mich., enables the cobbler to effect a very neat repair job. Only high-grade flexible sole leather can be used.

## TOURIST PARK OPENING SOON

Preparations Nearly Completed, Says  
Carl J. Wright, Head  
of Park Board

### CARETAKERS EMPLOYED

One Starts Work on May 1. Second  
Man Put on Work on  
May 15th

Preparations are already being made for opening of the Brainerd Tourist park, according to Carl J. Wright, president of the Park Board. One caretaker will start work about May 1st and a second man will be put on about May 15th, at which time the park will be opened to the travelling public, according to present plans.

While no major improvement has been made during the closed season, a number of small improvements have been effected. The board is highly pleased with the revenue received last season and is looking forward to larger receipts this year. More than 3,000 cars were registered at the camp last year, and it is estimated that upwards of 12,000 people took advantage of its facilities during the season.

## UNIQUE EQUIPAGE VISITS BRAINERD

Small 4-Wheeled Runabout Drawn  
by Team of Five  
Dogs

Latter Completing Last Lap of 900  
Mile Drive to Home in  
Hackensack

Early last evening a unique equipage drew up at the corner of Sixth and Laurel streets opposite the Peterson Clothing Co. A small four-wheeled runabout drawn by a team of five dogs of the malamute and setter breeds carried the driver, Eddie Barbeau, of Hackensack, Minn., and a sixth dog which had been lamed on the trip north from Minneapolis to Brainerd.

Barbeau is completing the last lap of a 900-mile drive to his home in Hackensack. Starting from Velva, N. D., about two weeks ago, he covered the 700 miles to St. Paul in less than twelve days. On dirt roads the young driver, who is about 17 years of age, covers about 75 miles per day. Travelling the hard pavement from Minneapolis caused some delay, some of his animals developing sore shoulders. The 65-mile trip from the Twin Cities to St. Cloud was made in one day, and the distance from the latter city to Brainerd was made yesterday.

The youthful dog-driver spent last evening with relatives at the home of Charles Witham, 1005 Ivy street, and will start on the last lap of his drive tomorrow morning.

Barbeau's cart is equipped with an automobile steering wheel, wire wheels and rubber tires, with space at the back of the driver's seat for luggage and the extra dog. All the dogs, including the lead dog who answered to the name of Whiskey, seemed to be in fine shape and excited much interest as they drove about town.

### St. Paul's Guild Cook Sale

The St. Paul's Guild will hold a cook sale next Saturday beginning at 10 o'clock at the Singer Sewing Machine store. There will be all sorts of good things for Easter dinner on sale.

## BRAINERD 25 YEARS AGO

From the Daily Dispatch

April 12, 1902

Mr. and Mrs. W. T. Dieckhaus left this afternoon for Beardstown, Ill., the old home of Mr. Dieckhaus. He has been quite sick and has recovered sufficiently to travel, so goes to his old home to recuperate.

It is reported that several eastern gentlemen have been in the city the past week looking over Brainerd as to its hotel requirements and it is rumored that they partly decided to do something in the way of giving Brainerd another first-class hotel. Several propositions were submitted to them by different property owners and in a short time they will make known their definite plans.

Charles S. Hazen, assisted by his wife, is making arrangements to open in this city a thoroughly modern and up-to-date ice cream parlor, an enterprise that Brainerd has been greatly in need of. They have rented the rooms over the Walter Davis music store on Front street and they expect to get started by the first of May. Mr. Hazen will go to the Cities to purchase furniture, machinery and fixtures in a few days and he will have them shipped to Brainerd at once.

Mrs. G. W. Hill of Watertown, Wis., sister of Mrs. G. F. Mitchell, arrived in the city yesterday afternoon for a few week's visit.

O. W. Mervin, Thos. Russell, and Fraser Smith, three M. & I. engineers, left for Minneapolis this afternoon to spend Sunday.

## STRUCK BY CAR AND IS KILLED

Duluth, Minn., April 13.—(UP)—Duluth's second automobile death for 1927 occurred early today when injuries, received Monday, proved fatal to Joseph Detkowski, pioneer citizen.

Detkowski, father of eight children, was struck down by an automobile which got out of hand and mounted a sidewalk.

Besides the widow and eight children the pioneer is survived by 12 brothers and sisters.

## UNREDEEMED BONDS AND COUPONS

EVERYBODY knows that the wealth of this country is incomparably great, and that average living modes have not their like anywhere else in the world, but even so it is hard to believe that \$35,000,000 worth of Liberty bond coupons which should have been clipped and cashed long ago have not yet found their way into the treasury department. Bonds draw interest, but uncashed coupons do not. At a 4 per cent interest rate, these coupons, turned into cash, and the cash reinvested, would yield \$1,400,000.

But this is not all of the surprising story as it comes from the treasury department. Securities amounting to nearly \$42,000,000, which matured years ago, are still outstanding. These securities ceased drawing interest when they matured. They are worth their face value, of course, whenever they are presented for redemption in cash, just as the coupons referred to will be honored for their face value when their owners turn them in.

There are doubtless many interesting stories behind these latent coupons and bonds. Here is a holder who has forgotten that he owns certain securities. Here is another so well enough off otherwise, perhaps, that he does not go to the trouble of cashing in on his paper. Here is a third who, ignoring the service of banks with safety deposit vaults, hid his certificates and does not know where to look for them. Another may have hidden his holdings and died without disclosing the secret to survivors. Bonds may have been burned or otherwise destroyed.

When all these and other possibilities are considered, it may be that the \$42,000,000 cited should seem to be small instead of large. Bankers know more about this than others because of their experience with depositors who have been lost to their sight and cannot be located. Anyhow, Uncle Sam stands ready to pay his debts whenever the bills are presented. He does not ask statutes of limitation for himself.—*Minneapolis Tribune.*

## MOTHERS PENSIONS

CROW WING county, like many other counties, has a balance due from the State of Minnesota on Mothers' Pensions paid out. In our county the beneficiaries of this pension have numbered as high as 25 in a year.

Our representatives in the legislature, in the senate and house, have championed at every session bills for the return of such a percentage of moneys to our county and other counties as promised by the State.

In this regard, the comment of the Park Rapids Enterprise may be noted. In a recent editorial, the paper stated:

Some ten years ago a plan was worked out in the legislature by which it was agreed that the state should contribute to the counties one-third of the cost of maintaining a "Mothers' Pension" fund. The various counties have maintained the fund through these years, but the legislature during this time has failed to make the appropriations necessary for carrying out the plan.

At the present session, the subject of an appropriation to take care of this old obligation has been considered, and it appears now that the funds will be forthcoming. School aid deficiency claims for four years past may also be allowed, which will make a nice sum for many school districts throughout the state. The total sum needed to take care of these obligations reaches \$4,369,000, and is to be provided through certificates of indebtedness to mature following the soldiers' bonus certificates.

## FORMER BRAINERD GIRL IN ROLE

MISS VIRGINIA MAE HESSEL, former Brainerd girl, daughter of John Hessel, as mentioned in the St. Cloud Daily Times, will take the sole woman's role in "The Gorilla," which the Cathedral Players are presenting Easter Sunday at the Cathedral auditorium, in St. Cloud.

She will be the beautiful, but timid heroine, Miss Alice Denby, born and raised in old Kentucky, but inclined to shriek at the sound of a revolver shot. There are, however, more than revolver shots to make her shriek during the course of the action. It has been found, after careful tests, that she is second in shrieking power only to the girls in the audience.

SECRETARY of the Treasury Andrew Mellon was asked by Princeton and Columbia university professors for "reconsideration" of the war debt adjustments. The professors lamented the "tremendous burdens of taxation for the next two generations on friendly countries," but Mr. Mellon pointedly informed them that all of our principal debtors are receiving from Germany more than enough to pay their debts to the United States; that France is receiving from Germany more than enough to pay its debt to Great Britain, and that Italy, after this year, will be as well off as France in this respect.—*Milwaukee Tribune.*

## SEVEN MILLION LOANED TO 70,000 WAR VETERANS

Washington, April 13.—(UP)—The government has loaned \$7,000,000 to 70,000 world war veterans on their insurance certificates since April 1. Director Hines of the Veterans bureau reported today to President Coolidge. Most of the government loans, he said, were in the southern states. Hires reported that 7,075 banks in

the country have extended loans totalling \$35,395,000 to 383,175.

# YESTERDAY'S HERO WAS GEORGE UHLE

## BATTED AND PITCHED INDIANS TO 3 TO 2 WIN

### GOLF PLAY ON LOCAL LINKS

UHLE ACCOUNTED FOR 3 OF THE CLEVELAND INDIANS' 11 HITS

SHOWED HIS VETERAN CALIBRE AS PITCHER, STEADY IN PINCHES

(By United Press)

Yesterday's hero—was George Uhle who batted and pitched the Cleveland Indians to a 3 to 2 victory over the Chicago White Sox in the opening game. Uhle accounted for 3 of the Indians' 11 hits. He showed his veteran calibre as a pitcher when he steadied time after time.

The Sox walked seven times and made six hits. All was even when the ninth opened. Kamm was thrown out, but Barrett hit Uhle for a double. Falk was passed. Shoenly forced Barrett at third. Ike Boone, pinch hitter, singled and Falk scored. Peck fled out.

Then, with a tie score, Sewell scratched a single for the Indians. Lutzke sacrificed and Uhle strutted to the plate. He drove a liner to the center field fence, ran around first and kept going toward the club house with the first game of the season pocketed.

Babe Ruth failed to score a hit in the Yankees opener against Philadelphia yesterday, but his team won 8 to 3. Ty Cobb, ex-Tiger, came through with a single for the Athletics and scored a run.

The Chicago Cubs were merciless in their treatment of their former teammate, Grover Alexander, and the Champion Cardinals. St. Louis went down with the short end of a 10 to 1 score. Root pitched excellent ball for the Cubs. H. Bell and Dyer who relieved Alex also failed to hold the Cubs.

The New York Giants took their first game from Philadelphia 15 to 7. It was a wild session with a total of 28 hits recorded. Barnes and Fitzsimmons pitched for the Giants and Carlson and Decatur for the Phillies.

Joe Petty of the Brooklyn Robins pitched well and was supported by better-than-average hitting to win from the Boston Braves 6 to 2.

Pittsburgh put over two runs in the first inning in their game against Cincinnati, but it was enough. Three hits and a sacrifice fly did the work. Kremer held the Reds to a single score in the fifth.

Washington's Senators hit four Boston Red Sox pitchers nine times, but the hits were bunched and counted for a 6 to 2 win. The Senators scored two in the first, third and fourth innings. Coveleskie and Marberry, pitching for Washington, allowed 11 hits, but kept them scattered.

#### MEXICAN REBEL BAND SACKS YANKEE COMPANY HOLDINGS

Mexico City, April 13.—(UP)—An American company, the "Mexican Corporation," was among several firms in the town of Fresnillo, state of Zacatecas, which were sacked by a rebel band, official reports said today. Public offices in the town were sacked and some public buildings were burned.

Twenty-two rebels were killed in a clash with mounted police in the state of Colima. Rebels attacked a Lerado-Mexico City train 11 miles south of San Miguel Allende in the state of Guanajuato, injuring several passengers before a federal guard drove the band to the hills. The rebels rolled boulders onto the train from a high embankment, damaging several cars.

## HUPMOBILE'S ADVANCE SHATTERING SALES RECORDS

The month of March just closed registers important new sales records in the Hupmobile business.

These impressive facts are presented for the guidance of intending buyers of motor cars. They clearly show that the Hupmobile Eight is extending its inroads into the field of higher-priced sixes, and in-

creasing its leadership among the eights; while the Hupmobile Six, the closest-priced Six in America, is rising still higher in public favor.

See these cars. Drive them. Ride in them. Nineteen beautiful body styles.

During the month Hupmobile had:—

1	The largest single day's shipment of Eights to a single distributor	79 cars
2	Largest number of cars shipped in any one month to a single distributor	723 cars
3	The largest single week's shipment from the factory	1371 cars
4	March shipments from the factory larger than March, 1926	4957 cars
	February, 1927 shipments greater than February, 1926	4106 cars

Hupmobile Eight—Fourteen Distinguished Body Types—priced from \$1945 to \$5795 f. o. b. Detroit, plus revenue tax. Custom Bodies designed and built by Dietrich.

Hupmobile Six—Sedan, five-passenger, four-door, \$1385. Brougham, five-passenger, two-door, \$1385. Coupe, two-passenger, with rumble seat, \$1385. Roadster, with rumble seat, \$1385. Touring, five-passenger, \$1325. All prices f. o. b. Detroit, plus revenue tax.

# YESTERDAY'S HERO WAS GEORGE UHLE

## BATTED AND PITCHED INDIANS TO 3 TO 2 WIN

UHLE ACCOUNTED FOR 3 OF THE  
CLEVELAND INDIANS'  
11 HITS

SHOWED HIS VETERAN CALIBRE  
AS PITCHER, STEADY  
IN PINCHES

(By United Press)

Yesterday's hero—was George Uhle who batted and pitched the Cleveland Indians to a 3 to 2 victory over the Chicago White Sox in the opening game. Uhle accounted for 3 of the Indians' 11 hits. He showed his veteran calibre as a pitcher when he steadied time after time.

The Sox walked seven times and made six hits. All was even when the ninth opened. Kamm was thrown out, but Barrett hit Uhle for a double. Falk was passed. Shoemaker forced Barrett at third. Ike Boone, pinch hitter, singled and Falk scored. Peck fled out.

Then, with a tie score, Sewell scratched a single for the Indians. Lutzke sacrificed and Uhle strutted to the plate. He drove a liner to the center field fence, ran around first and kept going toward the clubhouse with the first game of the season pocketed.

Babe Ruth failed to score a hit in the Yankees opener against Philadelphia yesterday, but his team won 8 to 3. Ty Cobb, ex-Tiger, came through with a single for the Athletics and scored a run.

The Chicago Cubs were merciless in their treatment of their former teammate, Grover Alexander, and the Champion Cardinals. St. Louis went down with the short end of a 10 to 1 score. Root pitched excellent ball for the Cubs. H. Bell and Dyer who relieved Alex also failed to hold the Cubs.

The New York Giants took their first game from Philadelphia 15 to 7. It was a wild session with a total of 28 hits recorded. Barnes and Fitzsimmons pitched for the Giants and Carlson and Decatur for the Phillies.

Jex Petty of the Brooklyn Robins pitched well and was supported by better-than-average hitting to win from the Boston Braves 6 to 2.

Pittsburgh put over two runs in the first inning in their game against Cincinnati, but it was enough. Three hits and a sacrifice fly did the work. Kremer held the Reds to a single score in the fifth.

Washington's Senators hit four Boston Red Sox pitchers nine times, but the hits were bunched and counted for a 6 to 2 win. The Senators scored two in the first, third and fourth innings. Coveleskie and Marberry, pitching for Washington, allowed 11 hits, but kept them scattered.

## CLEAN-UP, PAINT-UP WEEK

Spring is Beautiful in a Way, But Needs Rejuvenating Influence

### ASH PILES BEING MOVED

Houses Re-Shingled, Lawns Being Put Into Shape, Alleys Cleaned

"Well, here we are again," as the clown in the circus says when he tumbles into the ring and is greeted with roars of applause from an audience that always appreciates his antics.

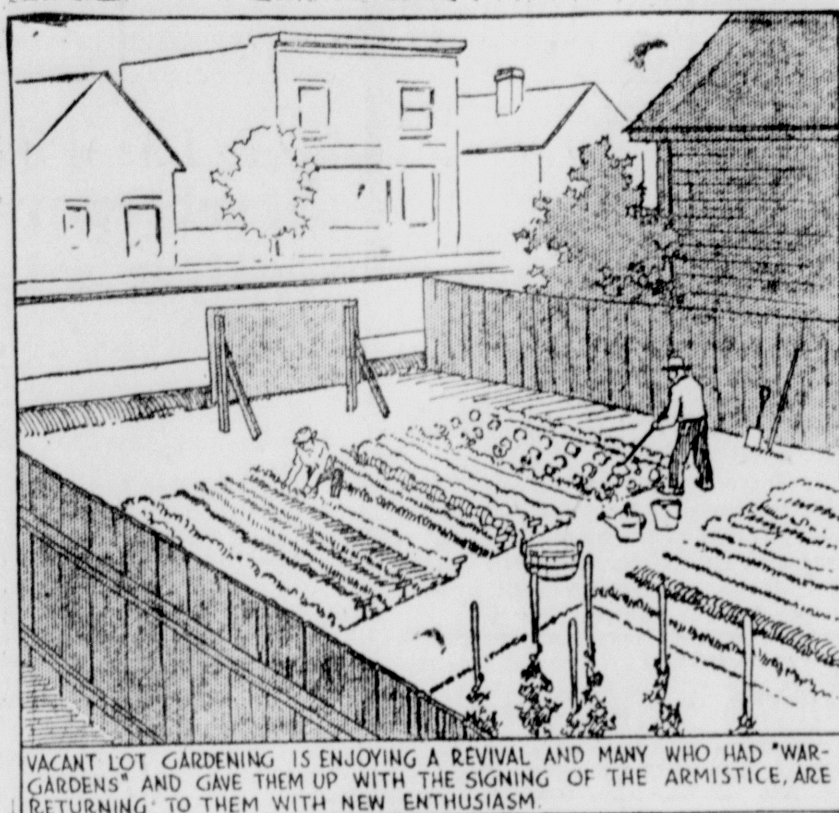

Clean-Up and Paint-Up time is here again. Some may be inclined to regard it now as an old story, this talk about Clean-Up and Paint-Up time. The fact is that it is not an old story. In short, it is a new story every year.

Spring, with its beautifying influence on this round old earth of ours, comes every year. It is greeted each year as the new spring, and its charms and delights are none the less enjoyable, because we have been having springs once a year all our lives. It would seem peculiarly fitting that Clean-Up and Paint-Up campaigns should be inaugurated at this time of the year, when all nature is engaged in the work of trying to make us forget the cold season of winter, and when trees are budding, grass springing up, birds mating, and boys busy with kites and marbles, all of which are especially indicative of one of the most joyous seasons of the year.

In all parts of the city the remains of all the fuel fed, hungry furnaces and heaters during the past winter are being moved. Ash piles cannot be moved all at one time this early in the season, because, as a rule there is a certain amount of snow and ice in the pile which will not thaw out until the top layers are moved. Many people aim to keep the ashes free from cans, nails, glass, etc., during the winter and use them for filling in and leveling off places around the garage or in the alleys for they pack very well and make an excellent driveway. In many places clean ashes are being spread on the unpaved streets and spots where the sand is heavy, they make travel much easier. When used in this way it is absolutely necessary that they be free from debris.

The Northeast Brainerd Improvement League is sponsoring a campaign to start next week and they urge parents to enlist the aid of their children during their vacation to

## Vacant Lot Vegetable Growing

VACANT LOT GARDENING IS ENJOYING A REVIVAL AND MANY WHO HAD "WAR-GARDENS" AND GAVE THEM UP WITH THE SIGNING OF THE ARMISTICE, ARE RETURNING TO THEM WITH NEW ENTHUSIASM.

Vacant lot vegetable growing has enjoyed a revival following its universal use during the war. With the close of the carnage overseas and the signing of the armistice, there came a relaxation in the furor of

food production and many of the vacant lot gardens were abandoned. They have begun to come back in increasing numbers as those who enjoyed fresh vegetables realize more and more the difference in quality between those they grew themselves and those they buy.

It is a measure of domestic economy well worth fostering. Thousands of city families have the means in their back yards of cutting off a heavy item of living expenses by growing even a small vegetable garden, and where the back yards cannot well be utilized for gardening there are usually some vacant lots available within practical reaching distance where a garden might be grown if the head of the household made the effort to investigate.

While hardly half the available

garden room is used, particularly in city property, the percentage is rapidly increasing. No one with a lot 50 by 150 feet which has clear ground need ever buy any vegetables except potatoes and sweet corn during the entire summer. Often the latter is considered a profitable crop on even a small garden plot because of the difficulty of securing good quality market corn.

The vacant lot garden problem is one that is being taken up by Rotary, Kiwanis and similar civic bodies with a view to canvassing the situation and announcing through

the local papers what and how much vacant lot space is available each season for gardens. It is a work that has elicited much grateful praise from families who have availed themselves of the opportunity and have cut down living expenses and at the same time provided a better quality menu by devoting time to the cultivation of a vacant lot garden patch.

Owners in many cases welcome the use of their vacant property for gardening as it keeps down the weeds and keeps the property in better shape.

## Profit - and the Farm

Farming requires courage. Every dollar is worked for with double energy. And often, at the end of the year, if the elements are against him, the farmer discovers that he has just come out about even.

But the statement is often heard that farmers are careless in some matters. They allow expensive machinery to rust, and they delay painting homes, barns and out-houses until the serious damage has been done.

Certain it is that farm buildings of all kinds would last much longer and look much better, if given a coat of paint when it's needed. Farms, too, are judged by their appearance. Paint gives a "prosperity look."

## Profit - and the Farm

Farming requires courage. Every dollar is worked for with double energy. And often, at the end of the year, if the elements are against him, the farmer discovers that he has just come out about even.

But the statement is often heard that farmers are careless in some matters. They allow expensive machinery to rust, and they delay painting homes, barns and out-houses until the serious damage has been done.

Certain it is that farm buildings of all kinds would last much longer and look much better, if given a coat of paint when it's needed. Farms, too, are judged by their appearance. Paint gives a "prosperity look."

Consult us about repainting your farm buildings.

## COUNTY NURSE MARCH REPORT

17 Cultures Taken in Cases of People Quarantined Because of One Diphtheria Case

### TYPHOID INVESTIGATED

Toxin-Antitoxin for Diphtheria Given to 122 School and Pre-School Age Children

The following is the report of the county nurse for the month of March:

Seventeen cultures were taken of people who had been quarantined because of one positive and one suspicious diphtheria case. The cultures of all members of the family where diphtheria existed were negative. The culture of the child with the previous positive culture in the other family also returned negative, as did all others from the same family. Another culture of this child was taken for release from quarantine, but returned positive.

Two families having cases of scarlet fever were discovered, reported and quarantined.

One visit was made with Dr. Berling of the State Board of Health to investigate a case of typhoid fever. Instructions were given as to care of food, etc. Widal tests were made of all members of the family and all negative cases were sent to the doctor to be vaccinated, the vaccine being furnished free of charge by the State Board of Health. Members of the town board and school board were visited and given instructions. The family was referred to the Child Welfare Board for county allowance. Widal tests were also taken of the school children and teacher in the district and all returned negative.

### Toxin-Antitoxin

Toxin-antitoxin for diphtheria was given to one hundred twenty-two school and pre-school age children in one of the villages.

### School Work

Eleven visits were made to school rooms, two hundred thirteen children being inspected; fifty four in classroom inspections and one hundred fifty nine individual inspections. Five special communicable disease visits were made to school.

### Special Cases

One child was returned home after receiving care at the State Hospital for Crippled Children for one year, nine months.

One child was taken to her doctor and found to have acute arthritis with a heart complication. Arrangements were made for treatment for her.

Total number of visits to homes, 26.

Total number of visits, 64.

Of this number there were two nursing care; 16 instruction and demonstration; nine instructions visits (diphtheria, scarlet fever and typhoid fever); 37 miscellaneous (visits to members of town boards, school boards, doctors, etc.)

Arrangements were made for the care at a local hospital of a woman who is paralyzed. Because of her condition, it was necessary to secure an ambulance to bring her to the hospital.

Arrangements were made for a tonsillectomy for one child and the operation was performed.

Another patient was taken to Minneapolis to the Winkley Limb Company to have his artificial limb made smaller.

Two tuberculosis clinics were

held with an attendance of twelve; eight new and four old cases.

### Visitors

Dr. T. Berling of State Board of Health, Miss Anna Nyquist, field representative of Division of Child Hygiene, State Board of Health, and Miss Mary Moreland, field representative for the American Red Cross were visitors.

## WM. GRAHAM, JR. IN BUSINESS

Opens Insurance Agency at 210 South Sixth Street, Wise Block

### COMPANIES REPRESENTED

To Handle Bonding, Workmen's Compensation, Public Liability, Fire, Life, Etc.

Announcement was made yesterday of the opening of a new insurance agency, doing business in fire, accident, auto and theft insurance, by William Graham, Jr., son of William Graham of the Graham Music Store, at 210 South Sixth street.

The new concern will represent a number of well-known, old line companies, including the Eagle Star & British Dominions Insurance Co., The Delaware Insurance Company of New York, and the Standard Accident Insurance Company of Detroit, Mich. Mr. Graham will handle in addition to ordinary insurance business work in bonding and workmen's compensation, public liability, and property damage insurance.

Graham, the young business man at the head of this new venture, is a graduate of the University of Minnesota, where he made a study of business administration with special regard to insurance. For two years past he has been writing a small amount of insurance locally without making public announcement. He is a graduate of Brainerd high school and his many friends in the city wish him success.

## PROGRESS OF THE BRAINERD BOYS' CONCERT BAND

By CARL ZAPFFE, JR.

The E flat bass section, better known as the tuba section, contains but one member, namely, Raymond Remmels, son of Mr. and Mrs. Peter Remmels of 217 North Ninth street.

Raymond joined the band when it was first organized. He had a regular attendance at concerts or rehearsals until last fall, when school work prevented it. He is back now and although still very busy he always manages to attend rehearsals. As the bass section in a band is most essential, Raymond has a great task in singly carrying out the duties which should fall upon a greater number and the band is indeed fortunate in having so dependable a member. The tuba player rarely has an opportunity to play a solo, neither is the instrument designed for solo work. Its rhythmic playing is a great aid to others in keeping better time.

The B flat bass or baritone section also has but one player, Carl Peterson, son of Mr. and Mrs. Victor Peterson of 265 North Sixth street. Carl was one of the first to join the band. At first he played a cornet but changed to the baritone which was greatly needed at the time. Carl also plays the violin. He is a very able musician as his work of interpreting demonstrates. Although the baritone is a difficult instrument to play when played as Carl now plays it, the tone does justice to the many roles required of it. It is a leading solo instrument in most bands. Its tones are not as low as other bass instruments.

The band is very much in need of more players in the bass section. As may be seen from what has been stated in the foregoing, the bass section is now dependent on two players, each playing a different instrument, which is always indispensable. If our friends will undertake to send their boys to Director Pace and enlist them as bass players they will do all of us a great service. When the band was organized the Brainerd Musical club purchased a tuba and donated it to the band. This instrument is now available for the first boy who will report. Who will it be?

## BRAINERD'S ODDEST STORY OF TODAY

Here's one on Officer Erick Graff of the Brainerd police force.

Mr. Graff while going the rounds of his beat yesterday, and passing the Ransford hotel, noted a small commotion along the curbing of the sidewalk and discovered a muskrat holding the attention of bystanders.

Mr. Graff came to the rescue with a gunny sack and inveigled the wary creature into the confines of the sack and tied it up.

Instead of sending the animal to jail as is the custom of the force, Mr. Muskrat was sent to the beaver farm west of Brainerd and in company with the other fur bearing animals it is hoped that he will learn that it is safer to remain away from the confines of civilization.

## FORD SEEKS TO HAVE SAPIRO BOOKS IN COURT

DESIRED EXAMINATION OF SAME BY FORD ACCOUNTANTS

COURT ORDER SOUGHT IS DENIED BY JUDGE IN FORD-SAPIRO TRIAL

Detroit, Mich., April 13.—(UP)—Attempts of Ford counsel in the Ford-Sapiro trial to obtain a court order forcing Aaron Sapiro to bring his ledgers and journals from 1917 to 1927 into court for examination there by a Ford accountant were unsuccessful today.

The Ford counsel said their accountant had been denied the proper inspection of Sapiro's books after an informal agreement had been reached. They asked the court's order to force bringing of the books into court each day where the accountant could inspect them under the eyes of the court.

Judge Raymond denied the motion when the Sapiro attorneys declared they had not stopped the accountant's inquiry into the books but that the accountant had stopped the inspection of his own accord.

A disagreement over the accountant, including certain totals in his analysis, was understood to have caused the dispute. Sapiro said his books would remain open at the hotel for inspection but would not be brought into court each day.

New York, April 13.—(UP)—The following suggestions were taken from some of the fashion notes jotted down at the recent Summer Fashion show:

Tropic blue chiffon velvet coat of all-length worn with matching hifon afternoon dress.

Tropic blue cloth coat trimmed with natural snakeskin lapels from neck-line to hem. Belt, handbag and shoes of snake.

Jersey bathing suits with white uppers and colored pants. Coats of ingertip length in the color of the pants.

Flowered chiffon afternoon ensembles with transparent coats matching frocks.

White evening gown matched by georgette cape trimmed with tiers of white fringe and collared in white fox.

Double-flower corsages on dresses and afternoon ensemble coats. Usually one flower is the exact shade of the costume and the other is a rifle deeper, worn close together.

Powdery blues and beige-pink shades prevail for afternoon and evening wear.

White sports suit with black velvet jacket, white corsage, white shoes, stockings and white hat. Coolie coat bathing wrap in bright orange figured in black.

For sports wear, the sleeveless frock worn with short white gloves. Reefers coral chiffon dinner gowns, without ornamentation other than fabric manipulation.

Satin slippers' matching evening gowns worn with nude hosiery.

Three shades of blue silk combined in wide horizontal striping for the bathing dress.

Belted bathing coats of trouser length. Long flesh-toned stockings for bathing purposes.

Wide-brimmed hair hats with summery frocks and ensembles. Small-fitting felt shapes worn with crepe ensembles of street type. Hats always matching the color scheme of the costume.

White sports frock worn with white bandana square bordered in bands of pink and blue. Bandana knotted at one side of the neck in cowboy fashion.

Red and dark blue sports shoes. Lizard and leather shoe contributions.

## TEXAS TOWN IS VIRTUALLY WIPED OFF MAP

(Continued from page 1)

San Antonio, April 13.—Three Kelly Field airplanes left at daylight for Rocksprings, destroyed by a storm. One of the planes is the aerial ambulance which can carry two patients. It probably will return here at once with the two most critical cases among the injured.

### CYCLONE IN DACCIA DISTRICT

London, April 13.—Several villages in the Dacca district of Bengal have been destroyed by a cyclone, dispatches to the Daily Express said today. Many natives were reported killed.

### TELEPHONE OPERATOR PROVES THE HEROINE

San Antonio, Texas, April 13.—Standing in the full blast of the tornado which wrecked Rocksprings last night, a woman held her post in an emergency telephone placed on a pole, and gave word of the disaster, summoned aid, and notified doctors and nurses to hurry to the scene.

The woman was Mrs. Jack Rote. Mrs. Rote was at her home in Rocksprings when the storm broke. Knowing communication facilities would be disrupted, she summoned linemen and had the emergency set placed on a pole near the town. There, accompanied by blinding flashes of lightning, receiving shocks from the affected wires and beaten by the wind and hail, this woman sent out the first news of the disaster.

The United Press correspondent in San Antonio was the first to receive word from Mrs. Rote.

"It is raining terribly," she reported. "I'll have to leave in a minute."

A short time later she was back at her post. Things were a bit quieter now, she said, but added that the storm was still raging.

"The lightning is more distant now," she said. "The storm is passing. I am receiving electrical shocks from the phone here."

"Rocksprings is a wreck. The scene is indescribable. Please get word to every place possible and have doctors and nurses sent at once. Hundreds may be killed and there are scores injured. We can't do much now. It is too dark."

Here a cracking on the wire indicated another shock had reached the woman. But she clung to her post. For several minutes more Mrs. Rote described the scene and urged that relief crews be dispatched immediately.

Then the wire failed and the correspondent was cut off. It was reported indirectly here this morning that she had stayed at the pole until nearly dawn.

### Tame Monkeys Outcasts

After monkeys have lived with human beings for a time they are looked upon as outcasts by their wild relatives. And should one of them escape and return to the forest, as they sometimes do, and try to rejoin its tribe, it is attacked by the others and driven away or put to death.

On several occasions I have seen wild monkeys chasing pets, and once I witnessed an execution. It was a terrible thing, for the monkeys are savage fighters and utterly relentless when excited and angry. I have known them to wait patiently day after day near a village for an opportunity to kill a captive relative.

Hatred, jealousy and suspicion are as highly developed in the monkey family as in the human race.—Della J. Akley in the Saturday Evening Post.

## OUR DAILY 'QUAKE REPORT—IN PHILIPPINES

By W. R. KUHN  
United Press Staff Correspondent  
Manila, April 13.—Native superstitions connected with holy week caused thousands of persons in the poorer quarters to kneel in streets and pray today when the island of Luzon was shaken by two strong earthquakes.

While no severe damage was done in Manila, seismographs indicated the tremors centered about 300 miles distant.

So far Bagnio is the only outlying point that has reported, and the quake was strong there, though actual damage was light.

Jack Holt and Betty Jewel in New Zane Grey Story at Lyceum

The immeasurably old and ever poignant story of the battle of man with the desert, the never ceasing struggle to nourish potentially rich lands with indispensable water, is the theme of "The Mysterious Rider," a Paramount picture from the Zane Grey story now playing at the Lyceum theatre.

### "Ladies at Play," Featuring Doris Kenyon and Lloyd Hughes

Due at Lyceum Thursday  
"Ladies at Play" is the intriguing title of the First National picture which comes to the Lyceum Thursday for two days with Doris Kenyon and Lloyd Hughes in the featured roles.

Sparkling comedy, good-natured satire, thrills, suspense, surprises, and even little touches of pathos combine to make "Ladies at Play" a real comedy and one that the whole family can see and enjoy.

## Keep in Trim!

Good Elimination Is Essential to Good Health.

THE kidneys are the blood filters. If they fail to function properly there is apt to be a retention of toxic poisons in the blood. A dull, languid feeling and, sometimes, toxic backaches, headaches, and dizziness are symptoms of this condition. Further evidence of improper kidney function is often found in burning or scanty passage of secretions. Each year more and more people are learning the value of Doan's Pills, a stimulant diuretic, in this condition. Scarcely a nook or hamlet anywhere but has many enthusiastic users. Ask your neighbor!

## WM. GRAHAM, JR. IN BUSINESS

Opens Insurance Agency at 210 South Sixth Street, Wise Block

### COMPANIES REPRESENTED

To Handle Bonding, Workmen's Compensation, Public Liability, Fire, Life, Etc.

Announcement was made yesterday of the opening of a new insurance agency, doing business in fire, accident, auto and theft insurance, by William Graham, Jr., son of William Graham of the Graham Music Store, at 210 South Sixth street.

The new concern will represent a number of well-known, old line companies, including the Eagle Star & British Dominions Insurance Co., The Delaware Insurance Company of New York, and the Standard Accident Insurance Company of Detroit, Mich. Mr. Graham will handle in addition to ordinary insurance business work in bonding and workmen's compensation, public liability, and property damage insurance.

Graham, the young business man at the head of this new venture, is a graduate of the University of Minnesota, where he made a study of business administration with special regard to insurance. For two years past he has been writing a small amount of insurance locally without making public announcement. He is a graduate of Brainerd high school and his many friends in the city wish him success.

## PROGRESS OF THE BRAINERD BOYS' CONCERT BAND

By CARL ZAPPE, JR.

The E flat bass section, better known as the tuba section, contains but one member, namely, Raymond Remmels, son of Mr. and Mrs. Peter Remmels of 217 North Ninth street.

Raymond joined the band when it was first organized. He had a regular attendance at concerts or rehearsals until last fall, when school work prevented it. He is back now and although still very busy he always manages to attend rehearsals. As the bass section in a band is most essential, Raymond has a great task in singly carrying out the duties which should fall upon a greater number and the band is indeed fortunate in having so dependable a member. The tuba player rarely has an opportunity to play a solo, neither is the instrument designed for solo work. Its rhythmic playing is a great aid to others in keeping better time.

The B flat bass or baritone section also has but one player, Carl Peterson, son of Mr. and Mrs. Victor Peterson of 205 North Sixth street. Carl was one of the first to join the band. At first he played a cornet but changed to the baritone which was greatly needed at the time. Carl also plays the violin. He is a very able musician as his work of interpreting demonstrates. Although the baritone is a difficult instrument to play when played as Carl now plays it, the tone does justice to the many solos required of it. It is a leading solo instrument in most bands. Its tones are not as low as other bass instruments.

The band is very much in need of more players in the bass section. As may be seen from what has been stated in the foregoing, the bass section is now dependent on two players, each playing a different instrument, which is always indispensable. If our friends wish to undertake to send their boys to Director Page and enlist them as bass players they will do all of us a great service. When the band was organized the Brainerd Musical club purchased a tuba and donated it to the band. This instrument is now available for the first boy who will report. Who will it be?

## BRAINERD'S ODDEST STORY OF TODAY

Here's one on Officer Erick Graff of the Brainerd police force.

Mr. Graff while going the rounds of his beat yesterday, and passing the Ransford hotel, noted a small commotion along the curbing of the sidewalk and discovered a muskrat holding the attention of bystanders.

Mr. Graff came to the rescue with a gunny sack and inveigled the wary creature into the confines of the sack and tied it up.

Instead of sending the animal to jail as is the custom of the force, Mr. Muskrat was sent to the beaver farm west of Brainerd and in company with the other fur bearing animals it is hoped that he will learn that it is safer to remain away from the confines of civilization.

## FORD SEEKS TO HAVE SAPIRO BOOKS IN COURT

DESIRED EXAMINATION OF SAME BY FORD ACCOUNTANTS

COURT ORDER SOUGHT IS DENIED BY JUDGE IN FORD-SAPIRO TRIAL

Detroit, Mich., April 13.—(UP)—Attempts of Ford counsel in the Ford-Sapiro trial to obtain a court order forcing Aaron Sapiro to bring his ledgers and journals from 1917 to 1927 into court for examination here by a Ford accountant were unsuccessful today.

The Ford counsel said their accountant had been denied the proper inspection of Sapiro's books after an informal agreement had been reached. They asked the court's order to force bringing of the books into court each day where the accountant could inspect them under the eyes of the court.

Judge Raymond denied the motion when the Sapiro attorneys declared they had not stopped the accountant's inquiry into the books but that the accountant had stopped the inspection of his own accord.

A disagreement over the accountant, including certain totals in his analysis, was understood to have caused the dispute. Sapiro said his books would remain open at the hotel for inspection but would not be brought into court each day.

Jack Holt and Betty Jewel in New Zane Grey Story at Lyceum

The immeasurably old and ever poignant story of the battle of man with the desert, the never ceasing struggle to nourish potentially rich lands with indispensable water, is the theme of "The Mysterious Rider," a Paramount picture from the Zane Grey story now playing at the Lyceum theatre.

"Ladies at Play," Featuring Doris Kenyon and Lloyd Hughes, Due at Lyceum Thursday  
"Ladies at Play" is the intriguing title of the First National picture which comes to the Lyceum Thursday for two days with Doris Kenyon and Lloyd Hughes in the featured roles.

Sparkling comedy, good-natured satire, thrills, suspense, surprises, and even little touches of pathos combine to make "Ladies at Play" a real comedy and one that the whole family can see and enjoy.

## Keep in Trim!

Good Elimination Is Essential to Good Health.

The kidneys are the blood filters. If they fail to function properly there is apt to be a retention of toxic poisons in the blood. A dull, languid feeling and, sometimes, toxic backaches, headaches, and dizziness are symptoms of this condition. Further evidence of improper kidney function is often found in burning or scanty passage of secretions. Each year more and more people are learning the value of Doan's Pills, a stimulant diuretic, in this condition. Scarcely a nook or hamlet anywhere but has many enthusiastic users. Ask your neighbor!
